
Cheever's Café Ranked in Top 50 in US

Oklahoma City, OK- Locally owned Cheever's Café received national attention when the 2009 Diners' Choice Awards for Best American Cuisine were announced by Open Table Diners. The group considered over 9,000 restaurants from across the US and the District of Columbia. Cheever's Café was selected to be among the top 50 in the US.

"This is a great honor for Cheever's Café," said owner, Keith Paul. "We are excited to be on the list with such other famous restaurants and to be ranked in the top 50 on a national level. We know Oklahoma has great food and I'm glad the state is getting some credit for it."

Cheever's Café offers a menu that focuses on contemporary comfort food with a Southwestern flair. They have recently expanded their menu to include some new summer desserts like, huckleberry crème brûlée and a strawberry-rhubarb pot pie.

"Our customers often select our chicken fried steak with jalapeno gravy, mixed seafood tamales, Chihuahua queso, and tortilla-crust halibut," reported Paul. "We strive to bring a fresh approach to comfort food. We would like to congratulate Paseo Grill who was listed in the top 50 also."

Some of the reviewers of Cheever's Café from Open Table Diners reported "Dining at Cheever's was awesome!" "The food was unique (seafood, sweet potato tamales-yum!), fresh and delicious. The service was excellent, and the wait staff was knowledgeable of the menu and wine offerings." "Delicious food from the appetizer to the entrees. Waiter was very helpful with suggestions and explanations of items. Yummy fried spinach - light and crispy."

Plan now to enjoy the top ranked cuisine and the historic ambiance of Cheever's Café located at 2409 N. Hudson Avenue.

A Good Egg Dining Group was started in 2000 when Keith and Heather Paul opened Cheever's Café on 23rd and Hudson. They followed with Iron Starr Urban BBQ in 2002. Both are unique restaurants housed in charming historic Oklahoma City structures. In 2007, the Pauls opened their third restaurant, Red Prime Steak. The upscale restaurant is located in the historic Buick Building on 4th and Broadway in Downtown Oklahoma City. They opened Market C, a gourmet take-out and catering restaurant, in the fall of 2008.
